

Principles of Attracting Women

Just 1. Be a man. Otherwise they'll wrap you into their soft gang to

secretly despise. Thus be the kind of slob they claim

to hate. Shout after me:
"On the one-foot line,

they can't punch the fucking ball in!
Who farted? Jeeeeeesus! Lay off the fuckin
Fritos! Wow! Look at those cheerleaders
dancing--you can smell the hair burning."

That's a start.
